

PREVENTION AND OCCUPATIONAL HEALTH

Hygiene and prevention habits in company schools

DURATION	GROUP SIZE	VENUE	VALIDATION
2 hours	One full class	At your site	KABUTO certificate

Who it is for

Children attending the schools in your camps

Prerequisites

None

Learning objectives

By the end of the course, the trainee is able to:

- Wash your hands properly and know when to do it
- Adopt a daily oral hygiene routine
- Recognise water-borne and food-borne diseases
- Protect yourself from mosquitoes according to the local context

Content

- Handwashing: when, how, and why it works
- Oral hygiene, tooth brushing workshop
- Water, food and diseases linked to poor hygiene
- Mosquitoes and protection suited to the country
- Picture-based session, adapted to the age of the class

Teaching methods and resources

Face-to-face training, on your site, in French or in English. Short theory inputs and scenarios on your facilities.

Documents issued

Session certificate given to the school

Assessment

Continuous assessment through scenarios, supplemented by an individual sheet filled in step by step and given to the trainee.

Trainer

A trainer from professional emergency services: nurse, firefighter or military. Their identity, qualifications and professional liability certificate are sent to you before the session.

Lead time

Quote within 48 working hours. The date is then set with you, according to our availability and your production constraints.

Price

On quotation, depending on group size, location and dates. Reply within 48 working hours.

Accessibility

The training takes place on your premises: their accessibility is your company's responsibility. If a participant needs a learning adjustment, let us know when ordering and we adapt the course.

Training for companies and organisations only, always delivered at the client's site.
