

FIRE AND EVACUATION

Wearing SCBA and working in total darkness

DURATION	GROUP SIZE	VENUE	VALIDATION
1 day	6 to 12 people	At your site	KABUTO certificate

Who it is for

Appointed SCBA wearers, emergency response team

Prerequisites

Valid medical fitness to wear self-contained breathing apparatus

Learning objectives

By the end of the course, the trainee is able to:

- Check your breathing apparatus before donning the mask
- Kit up within the time allowed and manage your air supply
- Advance and carry out a search in an unbreathable atmosphere
- Search for a casualty and exit as a pair

Content

- Pre-donning checks, timed donning, air management
- Moving in an unbreathable atmosphere, search by touch
- Dexterity course, blacked-out hood, with a smoke machine
- Casualty search and exit as a pair
- Incidents: low-air alarm, losing your partner, emergency withdrawal

Teaching methods and resources

Face-to-face training, on your site, in French or in English. Short theory inputs and scenarios on your facilities.

Documents issued

Named certificate of attendance and assessment sheet

Assessment

Continuous assessment through scenarios, supplemented by an individual sheet filled in step by step and given to the trainee.

Trainer

A trainer from professional emergency services: nurse, firefighter or military. Their identity, qualifications and professional liability certificate are sent to you before the session.

Lead time

Quote within 48 working hours. The date is then set with you, according to our availability and your production constraints.

Price

On quotation, depending on group size, location and dates. Reply within 48 working hours.

Accessibility

The training takes place on your premises: their accessibility is your company's responsibility. If a participant needs a learning adjustment, let us know when ordering and we adapt the course.

Training for companies and organisations only, always delivered at the client's site.
