

CASUALTY CARE

Life-saving basics

DURATION	GROUP SIZE	VENUE	VALIDATION
2 to 3 hours	8 to 20 people	At your site	KABUTO certificate

Who it is for

Large-scale awareness, office staff, contractors

Prerequisites

None

Learning objectives

By the end of the course, the trainee is able to:

- Raise the alarm with the emergency services and guide them in
- Stop life-threatening bleeding
- Place an unconscious person in the recovery position
- Recognise cardiac arrest and start resuscitation

Content

- Alerting the emergency services and guiding them onto the site
- Stopping life-threatening bleeding
- Placing an unconscious person in the recovery position
- Recognising cardiac arrest and starting resuscitation
- Hands-on manikin workshop, every participant practises in turn

Teaching methods and resources

Face-to-face training, on your site, in French or in English. Short theory inputs and scenarios on your facilities.

Documents issued

Named certificate of attendance for awareness training

Assessment

Continuous assessment through scenarios, supplemented by an individual sheet filled in step by step and given to the trainee.

Trainer

A trainer from professional emergency services: nurse, firefighter or military. Their identity, qualifications and professional liability certificate are sent to you before the session.

Lead time

Quote within 48 working hours. The date is then set with you, according to our availability and your production constraints.

Price

On quotation, depending on group size, location and dates. Reply within 48 working hours.

Accessibility

The training takes place on your premises: their accessibility is your company's responsibility. If a participant needs a learning adjustment, let us know when ordering and we adapt the course.

Training for companies and organisations only, always delivered at the client's site.
