

CASUALTY CARE

Defibrillator - getting started

DURATION 1 hour	GROUP SIZE Up to 25 people	VENUE At your site	VALIDATION KABUTO certificate
---------------------------	--------------------------------------	------------------------------	---

Who it is for

All staff on a site fitted with an AED

Prerequisites

None

Learning objectives

By the end of the course, the trainee is able to:

- Locate the defibrillators on your site and reach them without hesitation
- Operate the device and place the pads safely
- Alternate chest compressions and defibrillation

Content

- Location of your defibrillators and the time needed to reach them
- Switching on, placing the pads, safety at the moment of the shock
- Combining chest compressions and defibrillation
- Monthly checks and replacement of consumables

Teaching methods and resources

Face-to-face training, on your site, in French or in English. Short theory inputs and scenarios on your facilities.

Documents issued

Named certificate of attendance

Assessment

Continuous assessment through scenarios, supplemented by an individual sheet filled in step by step and given to the trainee.

Trainer

A trainer from professional emergency services: nurse, firefighter or military. Their identity, qualifications and professional liability certificate are sent to you before the session.

Price

On quotation, depending on group size, location and dates. Reply within 48 working hours.

Lead time

Quote within 48 working hours. The date is then set with you, according to our availability and your production constraints.

Accessibility

The training takes place on your premises: their accessibility is your company's responsibility. If a participant needs a learning adjustment, let us know when ordering and we adapt the course.

Training for companies and organisations only, always delivered at the client's site.
