

CASUALTY CARE

Mass casualty exercise

DURATION	GROUP SIZE	VENUE	VALIDATION
Half day or full day	Up to 30 people	At your site	Exercise

Who it is for

The whole site, management included

Prerequisites

None

Learning objectives

By the end of the course, the trainee is able to:

- Trigger and run a mass casualty scenario
- Triage the casualties and organise the casualty clearing point
- Identify the gaps in the existing arrangements

Content

- Scenario built from your real risks
- Unannounced start, with no warning to the teams
- Casualty triage, collection, casualty clearing point
- Timing of the alert, the casualty care and the evacuation
- Immediate debrief, then a written report handed to management

Teaching methods and resources

Face-to-face training, on your site, in French or in English. Short theory inputs and scenarios on your facilities.

Assessment

Observation of the trigger, timing of the alert, the collection and the evacuation. Immediate debrief, then a written report handed to management.

Documents issued

Written report on the gaps found and an action plan

Trainer

A trainer from professional emergency services: nurse, firefighter or military. Their identity, qualifications and professional liability certificate are sent to you before the session.

Lead time

Quote within 48 working hours. The date is then set with you, according to our availability and your production constraints.

Price

On quotation, depending on group size, location and dates. Reply within 48 working hours.

Accessibility

The training takes place on your premises: their accessibility is your company's responsibility. If a participant needs a learning adjustment, let us know when ordering and we adapt the course.

Training for companies and organisations only, always delivered at the client's site.
